

Cintern

Heeyoon, Jennifer, Lynda, Maddie
Project Pitch
November 12, 2015

Applying to
internships is **hard.**

U B E R

Lots of websites!

Complicated

Applying to
internships is **easy**.

Purpose

Provide a centralized location for student internships.

Risks and Mitigations

Not enough employers	Promise website that attracts a strong student userbase
Verifying employers	Verify employers by company email
Users sending in duplicate applications	Users can only apply to a job posting once
Attacker gaining user information	Use SSL encryption
